Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 9 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Lines 2-3 “assembly means...” is indefinite as it is confusing. Should it be “ assembly, means”?

Appropriate correction is required.

Allowable Subject Matter

1. Claims 1-8, 10-12, 19-29 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: prior art does not show a portable facility having means for inspecting components of the bearing, means for repairing defects in components of the bearing, spare races and rolling elements located within the enclosure to replace damaged races and rolling elements or spare cage in the enclosure for replacing opened cage in combination with other claimed limitations.
3. Claim 9 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 3637

Response to Arguments

4. Applicant's arguments, see remarks, filed 7/22/04, with respect to claims 1-12, 19-29 have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art shows different portable service facilities.
